

The Debate About Christ

Question: What, if anything, would ever change your mind?

“ Well, the answer to that question is, I'm a Christian, and as a Christian, I can't prove it to you, but God has definitely shown me very clearly through his word, and he has shown himself in the person of Jesus Christ, that the bible is the word of God.

I admit that that is where I start from. I can challenge people that you can go and test that, you can make predictions based on that, you can check the prophecies in the bible, you can check the statements in Genesis. I did a little bit of that tonight.

I can't ultimately prove that to you, all I can do is to say to someone look, if the bible really is what it claims to be, if it really is the word of God, (and that's what it claims), then check it out, and the bible says that if you come to god believing that he is, he will reveal himself to you and you will know.

As Christians we can say we know, and so, as far as the word of God is concerned...

No, no one is ever going to convince me that the word of god is not true. ” - Ken Ham

“ We would need just one piece of evidence. We would need the fossil that swam from one layer to another, we would need evidence that the universe is not expanding, we would need evidence that the stars appear to be far away but are not. We would need evidence that rock layers could somehow form in just 4000 years as opposed to just the extraordinary amount, we would need evidence that somehow you can reset atomic clocks and keep neutrons from becoming protons. Bring on any of those things and you would change me immediately. ” - Bill Nye
